TRANSP*ART*ATION

MAY 26th & 27th, 2012

A 2-day celebration of the Art Car & TranspARTation in Moab, UT
TranspARTation includes a parade, prizes & adoration from Art Car fans everywhere.

Art Cars are street legal vehicles that have been *permanently* modified into works of art. They can be used to drive back & forth to work, pick up the kids from soccer practice, or tootle to the trailhead.

Art Cars are licensed, registered & insured.

TranspARTation is *anything* that has been changed to a vehicle of human imagination. TranspARTation does not have to be street legal, but it needs to be safe. It can begin with a car, unicycle, scooter, ATV, lawnmower, wheel-barrow, or roller skates. There are few limitations.
